Tips on Blogging

Plan in advance - create an outline, decide how many posts to create.

Consider different aspects or themes of story to highlight.

Decide how often you plan to post; set a schedule.

Consider your audience and reading time for posts.

Use images, video, color blocks of text to vary visual experience.

You can have multiple "blogs" on one account.

Try different techniques to engage your audience.

Free Blog Sites:

Blogger.com (free, easy way to get started)

<https://www.blogger.com/about/>

Wordpress (I use; has free version):
